2020-21

Due to Covid-19, school was closed to all children apart from children of keyworkers and vulnerable children from March 2020 to mid-June 2020. In June 2020, the Government only allowed specific groups to return. As a result of this the DfE cancelled all national statutory assessments for the year 2019-20, meaning that there is no achievement data available for this year.
