

*for parents and carers of children and
young people, aged 0-25 years,
with special educational
needs and or disabilities*

Signposting

Empowering parents and carers

We provide information for parents and carers in Sefton. Through our network we are also able to signpost families to a wide range of local opportunities.

Gathering

Enabling peer support

When you access our sessions, come along to a drop-in, or join us on social media, you will open up a network of other parents and carers who are going through the same journey as you.

Consultation

Being representative

When we are in contact with parents and carers we are gathering their opinions. These opinions become part of a larger parent voice when we are representing Sefton families.

Making changes

Having a voice

When you join the forum, whether you are joining a workshop or chatting on Facebook, you are adding your voice to a growing body of Sefton parents. In turn, your opinions are shaping local services.

PARENT CARER FORUM

We work with Sefton Local Authority, Education settings, Cheshire and Merseyside ICB and NHS, social care and other service providers to ensure that the services they plan and deliver meet the needs of children and young people, aged 0-25 years with SEND. We do this through consultation and co-production.
