

Marching On

World Book Day

The children (and staff!) had the best time ever this week during our celebration of World Book Day. Thank you to everyone who took part. The whole day reminded us of the importance of books and reading. We're looking forward to next year already but don't forget....reading is for everyday!

Parents' Evening

Thank you to everyone who attended and for all the lovely feedback we received. All the staff were overwhelmed with the thanks that came our way. As these meetings are so useful to make adjustments to the children's experiences, if, for whatever reason, you could not attend, please get in touch and we'll arrange for a time that suits. Thank you.

Dinner Money

Please note that the cost of lunches will be going up to £2.70 per day from the 1st of April.

Parking

Please help limit the chance of accidents and avoid attempting to park on Matlock Road just before schools starts and at bedtime—there really isn't anywhere legal at this time and parking on zig-zags is most definitely a no-no. Thank you for your co-operation in this matter. I do realise everyone has something to say about this but I do thank everyone for being so calm when letting me know your concerns.

Dog Fouling

I think we all know that dogs are not allowed onto the premises unless there are special arrangements in place (such as for Toby, our therapy dog) but please be aware of the Council's stance on the issue of fouling and make use of the link within this link to report any concerns. Thank you.

Contact Details

At Birkdale Primary we appreciate how important parent and teacher communication is. Throughout the year there are opportunities to hear about your child's progress during drop-in sessions, through written reports, through Parentmail, through parents' evening, chances to make contact with the class teacher in the playground each morning and after school and we have an open door at the office where you are free to make an appointment with myself and or any class teacher. And don't forget the email address below. If you have a change of contact details please let us know.

March 2026

NEWSLETTER

British Science Week

This takes place next week (9th-13th March). Children from across the school will be taking part in live lessons and classes will be visited by a series of Science experts. Investigations and class experiments will be at the centre of the weeks' activities.

Safer Internet Day

Next Tuesday—10th March will be spent ensuring classes further their knowledge of staying safe online.

Advertising Here

For small donations to the school fund, you can advertise here. Please get in touch via our school email. Thank you.
